## **PROGRAM OBJECTIVES**

Our goal at the CLASS annual meeting is to further our education and update our knowledge in the field of aesthetic medicine. To achieve this goal we will have reviews of laser and non invasive body contour devices, and combined approaches to surgical and non-surgical procedures in facial aesthetics. There will also be a didactic session on business management to optimize your aesthetic practice and legal information and advice on Intellectual Property. Faculty and registrants are encouraged to participate in an interactive discussion of case challenges and problems.
